CITROËN ë-BERLINGO & BERLINGO VAN

## Like you, it does it all.

Citroën Berlingo Van is your modern, sturdy and versatile business partner available in 2 body lengths.

The standard length M offers up to 3.9m<sup>3</sup> load-space, or you can increase capacity with the XL and up to 4.4m<sup>3</sup>. But your options don't end there...

# Safety Features

Your Berlingo comes with enhanced Safety and Driver Assistance features as standard.

**1. Forward collision alert inc. Advanced Emergency Braking System (AEB)** alerts the driver of a potential collision with a vehicle or pedestrian in the path of the van through a combination of visual and audible warnings. Should the driver fail to react, the system will reduce the speed of the vehicle to limit the severity of any impact.

**2. Dynamic Surround View\*** incorporates a digital rear-view mirror with cameras above the rear door and in the nearside exterior door mirror, extending the view of traditional rear view mirrors. The system features include: Side blind spot detection displays a warning light in the nearside mirror to advise when a vehicle or obstacle is present. Visiopark 180° rear parking camera works with 12 parking sensors enabling safer reversing as the driver is now able to view a larger area via the digital display screen. Automatically activates when reverse gear is engaged or the rear doors are opened.

**3. Driver Attention Alert\*\*** monitors your time behind the wheel and sends a warning after two and three hours continuous driving. The system continues to analyse driving patterns via the front camera A-pillar camera and steering wheel movements, warning you when it's time to take a quick break.

**4. Visiopark 180° with rear parking sensor\*** uses the rear camera to send a reconstructed 180° image of the rear area (as seen from above) onto the Touchscreen display. When the vehicle approaches an obstacle, the system automatically zooms in on the rear area to display the remaining distance more precisely. In addition, an audible alert informs of the distance measured by the rear bumper sensors.

**5. Intelligent Speed Assistance** recognises speed limit signs and visually warns the driver of local restrictions followed by an acoustic warning if the limit is exceeded.

**6. Lane Keep Assist** automatically steers the vehicle to keep it in its lane when travelling over 40mph, unless turn signal is active.

\* Standard on Driver  
\*\* not available

# Equipment

• Standard equipment

• Cost option

\* Additional items & conditions apply to connected services including customer acceptance of location sharing for navigation. Subject to subscription, when you have been advised of your vehicle, please visit [www.citroen.co.uk](#) for details.

## Preventive Maintenance

For 4 Years for customers managed by DEALERS

(B2C & SME)

The Preventive Maintenance Service is designed to help monitor and optimise the health of commercial vehicle fleets, offering support through live alerts and upcoming maintenance reports. This makes it easier for fleet managers to keep their vehicles in good working condition, saving time and money.

- Fleet Dashboard View
- Maintenance Tracking
- Report via Email
- Vehicle Health Alerts
- Van Maintenance Appointment

## Connect Fleet

Customers can upgrade (via subscription) to Connect Fleet. This management platform is a full version opening up a broader spectrum of possibilities. With Connect Fleet customers can optimise the use of their vehicles by gaining access to consumption reports, mechanical alerts, eco driving and driving behaviour reports and vehicle geolocation in the event of theft in real time.

## Plated weight

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's plate showing the vehicle and axle gross plated weights<sup>1</sup>. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

## Kerb weight

The Minimum Mass/minus the driver's weight. When Kerb Weight used, driver weight is included within the Maximum Indicative Payload weight.

## Minimum Mass

Minimum Mass (Mass in turning order) or Certificate of Conformity and Massin Service (or VSC form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load/EV battery. It is minimum mass for this variant and does not consider local specifications or desirable options (specific to the vehicle). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

## Gross Vehicle Weight (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

## Gross Combination Weight (GCW)

The maximum permissible weight of a vehicle, including payload and passengers combined with the total weight of any trailer it is towing. The maximum GCW/weight limit is quoted on the vehicle plate and must not be exceeded.

## Payload

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload does not include driver but does take into consideration specification limit level. Weights are also subject to manufacturing tolerances (EU legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

## Roof loads

Roof load should not exceed 100kg including the weight of the roof rack/carrier.

## Maximum towing weight

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle - at full GCW - to rest on a 12% gradient, which is approximately 1 in 8.3, at sea level. At allitudes

above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer nose weight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

**Always fit Citroën towing attachments and accessories available from your Citroën Commercial Vehicle Retailer. They are designed specifically for Citroën models and carry a 12-month warranty.**

## Commercial Vehicle Categories

**Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)**

Category M: Passenger/cars

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

**Specific differences, all M2/N2 require the following:**

Speed limit: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 55mph.

## Conversions

Body builders requiring conversion guidance including 2D drawings & 3D CAD should establish an account at [www.commercialvehicles.com](http://www.commercialvehicles.com)

# Citroën & You

A network of Citroën Van Retailers, Authorised Repairers and Parts Distributors are equipped and trained to meet the needs of today's Citroën customer.

Retailers can offer advice on vehicle funding, via Leasys with packages such as Contract Hire, Finance Lease or Lease Purchase for Business Users, or via Citroën Financial Services with Hire Purchase or Citroën Personal Contract Purchase for Retail buyers.

In addition Authorised Repairers have a team of technicians skilled in the care and maintenance of Citroën products.

## Delivery and number plates

There is a standard charge for delivery with number plates as follows:

Citroën Berlingo & Berlingo Van, Dispatch and Relay, £1,074, 1inc. V.A.T. (£1,289inc. V.A.T.)

The above list of prices includes delivery and the Government Fee. Payment for the above delivery is made to the Customer. The above delivery charges may be made at the Retailer's discretion.

## Vehicle Excise Duty

V.E.D rate for all commercial vehicles up to and including 1,000kg (GVW 5200)  
V.E.D rate for Diesel commercial vehicles above 3,500kg GVW £117

## Vehicle conversions

Conversions of vehicles supplied by Citroën UK are carried out by independent companies to suit the needs of individual customers. In all cases, the converter company is responsible for:

• Ensuring that the converted vehicle conforms to all legislation in force at the time

• The suitability of the conversion carried out.

• The quality of design and workmanship of the conversion

• Claims under guarantee relating to the conversion  
Citroën UK will not be held responsible for any damage or loss incurred in respect of the vehicle unless it was accompanied by a written agreement and confirmation of the authority, clearly accepted, contract or subcontract agreement.

## Citroën Fleet and Business sales

All Citroën New Van Retailers are dedicated to meeting the special needs of both the fleet and business buyer. Their comprehensive service can include advice on important business vehicle decisions, such as alternative acquisition methods, disposal of existing stock, priority servicing and much more. In short, their expertise aims to provide a total 'transport solution' for all your fleet or business vehicle needs.

For more information on Citroën Fleet and business sales please contact your local Citroën Retailer or [click here](#)

## Leasys

Leasys is the proud BusinessContract Hire partner of Citroën. Consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes. Leasys lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

Leasys equity owned by Shellcars and Credit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Citroën Retailer or [Click Here](#)

## Comprehensive Warranty

Every new Citroën van offers the benefit of a three year\* warranty package plus a five year anti-rust\*\* warranty and a three year paint warranty.

In addition, the e-Berlingo van, e-Dispatch and e-Relay offer a manufacturer's battery warranty of eight years/100,000miles up to 70% charging capacity.

\* Two years unlimited mileage manufacturer's warranty. No fee customer option of one year's warranty provided essentially only on vehicles sourced from Citroën UK Limited. Note: Retailer provided warranty is limited to 100,000 miles for all commercial vehicles including motorhomes and other converted vehicles.

\*\* Against all internal to external pollution to bodywork or underbody on condition the van undergoes an inspection by a Citroën franchised Retailer on its second and fourth anniversaries.

## Citroën Assistance

In response to a free telephone call in the UK, Citroën Assistance brings rapid expert roadside assistance to you in an emergency.

It comes free of charge for a full year from date of vehicle registration, and operates 24 hours a day in all parts of the UK and Europe. Services include roadside recovery for both van and passenger, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. You can also purchase additional Citroën Assistance via your local Citroën Retailer at any time. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, misfueling, loss of keys, lockers, road traffic

## accidents and punctures/wheel changes

e-Relay and e-Dispatch and e-Relay vans come with a free of charge three year Citroën Assistance starting from the date of registration.

For more details please [click here](#)

## Servicing

Available up to one year from your vehicle's registration date, but before its first charging service, Citroën Servicing package enables you to pay in advance for:

- Scheduled Servicing
- Annual Service(s) for vehicles with a two year service plan
- Brake/PAU Replacement

This package can be personalised depending on your needs, with options ranging from 12to 60 months and 10,000 to 100,000 miles.

\* Available up to your vehicle's maximum GVW (Gross Vehicle Weight).

## Maintenance

For a single fee or low monthly payments, you can put yourself in control of your maintenance costs. Depending on your needs, you can choose from a package that covers you between 12and 48 months and between 10,000 and 100,000 miles and provides you with:

- Scheduled Servicing
- Periodic Maintenance
- Wear and Tear Cover - The replacement of friction materials such as brake pads, discs, wiper blades, clutch and other such items needed to keep you and your vehicle on the move
- Citroën Assistance provided by the AA, includes Roadside & At Home Assistance, Recovery, Cover & Traveland European Cover
- MOT test fees

Why not add the following option to your chosen package:

- Replacement of worn tyres, including wheel balancing (includes puncture repairs)
- Replacement vehicle whilst yours is being serviced or MOT'd

Rest assured that all Maintenance and Servicing work will be carried out by qualified Citroën Technicians at any Citroën Authorised Repairer within the UK, using only Citroën Original Equipment and Approved Parts.

For further information, please contact your Citroën Retailer.

## Citroën Motor Insurance

Citroën Insurance has been designed specifically for our vehicles. You can't just get repairs, you get Citroën expertise, service, quality and parts. You see, from other motorists take a vehicle, we make it Citroën. So when the time comes to renew your insurance cover, call Citroën Insurance on 0370 024 2725.

Alternatively, visit [www.citroen.co.uk](#) for more information to apply online.

Citroën Insurance policies are underwritten by UK licensed Limited Protection Ltd. The UK licensed Limited Protection Ltd. is a member of the Financial Conduct Authority. Citroën Insurance is authorised by the Financial Conduct Authority. Citroën Insurance is a trading name of F&F Insurance Limited (company registration number 12127898) in respect of all UK and EU motor insurance policies.

## Internet

[Click here](#) to visit the Citroën Website for full information on all Citroën products and offers available in the UK, together with details of our environmental and recycling policies. Or click here to contact Citroën directly. Alternatively, for further information, please contact your Citroën Retailer.

## Citroën Connected Services

Vehicles equipped with the Citroën Connect box have an embedded SIM card. This means that as well as safety features, Citroën drivers can subscribe to a range of connected services:

- Real Time Traffic and Speedometers with live data to enhance the Citroën Connect navigation system
- Remote access to lock or unlock the vehicle's doors from a smartphone
- Remote Control: remote management of electric vehicle charging and temperature
- And much more!

Service availability depends on the hardware fitted on each vehicle. For more information [click here](#)
